

Citizen Engagement

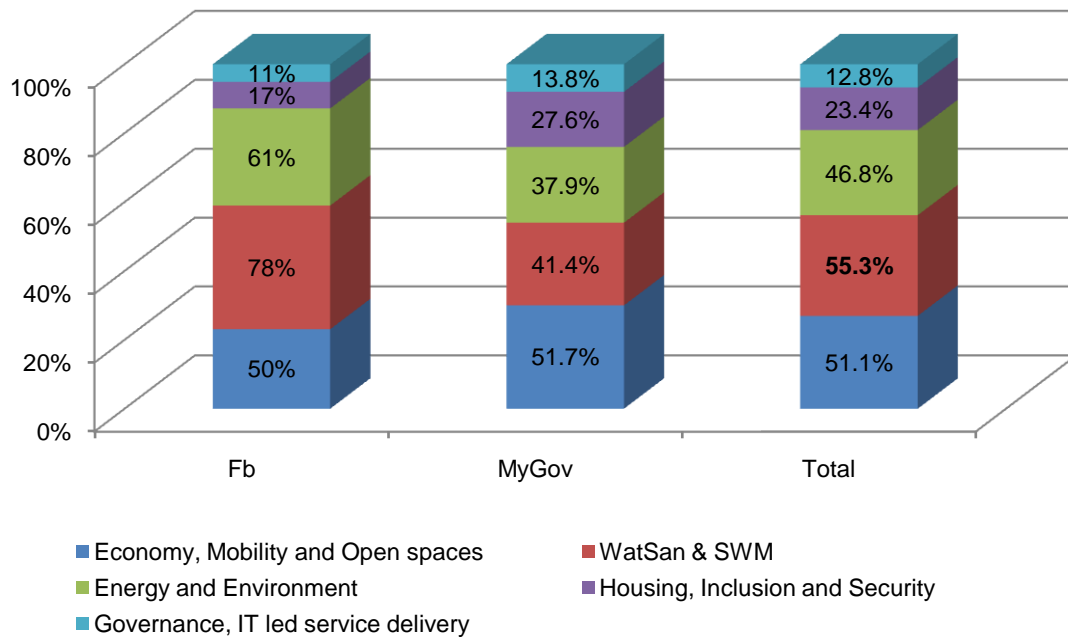

Graph 1- Consultations

Consultations

Inclusive and extensive process carried out

Graph 2- Sector wise comments on MyGov and Facebook

Graph 3- Ideas from Consultations

Ideas from consultations..1

Economy, Mobility, Open spaces

- City level Master Plans along with Detailed Micro Development Plans esp. extended areas
- Cold storage / Agro processing investments
- Dedicated TIDEL-like parks for IT / Services
- Shifting SP building / tasildhar area in core area
- More Parks / Avenue Trees
- Completion of Ring Road for Freight shifting
- New bridge across Cauvery from Ring Road
- Non- motorised Transport in Core city
- Increasing FSI in core rea
- Greenway on Perumpallam Odai
- Dedicated cycle tracks / footpaths
- Multi-level car parking at various places
- Re-development/relocation - Gani market
- Re-development / relocation - Bus Terminal
- Development of the railway station area
- Shifting of market areas from core city
- Development of new link roads in extended areas
- Training college for textiles
- Skill development initiatives to train local youth in new areas

Ideas from consultations..2

Watsan, Energy & Environment

- Continuous Metered 24/7 water supply
- Reduction of NRW / Water losses
- Effluent Treatment and addressing pollution
- Check dams and Rainwater harvesting
- Preservation & Rejuvenation of Water Bodies - Sadayampalayam tank, Muthampalayam and Kannirouthar Kulam
- City wide Underground drainage
- Recycling of domestic sewage
- Clean-up of Canals/ Odais
- Construction of STPs along the river
- Substantial improvements to SWM
- Biomethanation of Organic solid waste
- Underground electric wiring and ducting
- Substations and strengthening power distribution network
- Increased Renewable energy
- Underground electric wiring and ducting
- Energy efficient street lighting
- 10-12 MW Solar power should be targeted
- Energy efficient lighting- Green lighting

Ideas from consultations..3

Housing, Inclusion & Security

- Comprehensive slum rehabilitation
- Smart education in the schools
- CCTV surveillance across the city- 60 points of surveillance already present
- Decentralization of water availability is important for the timely provision of fire services
- Encroachments along arterial Roads
- Upgradation of Hospitals /Health facilities
- Public Toilets across all wards
- Toilets in all schools

Governance & IT-led service delivery

- WIFI Hotspots
- Better Internet connectivity and Speeds
- Intelligent traffic management
- Synchronised signalling
- GPS in city buses
- Smart parking
- Improved utilisation / awareness of E-governance applications already in place
- Integration of services across District / line departments and ULB

Other Ideas from Social Media

Economy, Mobility, Open spaces

- Trade fair centres like CODISSIA
- Encourage hospitality sector for improved staying experience
- Proper signages and street furnitures

Watsan, Energy & Environment

- Decentralization of Solid waste management
- Eco-friendly dustbins every 100 feet
- Afforestation

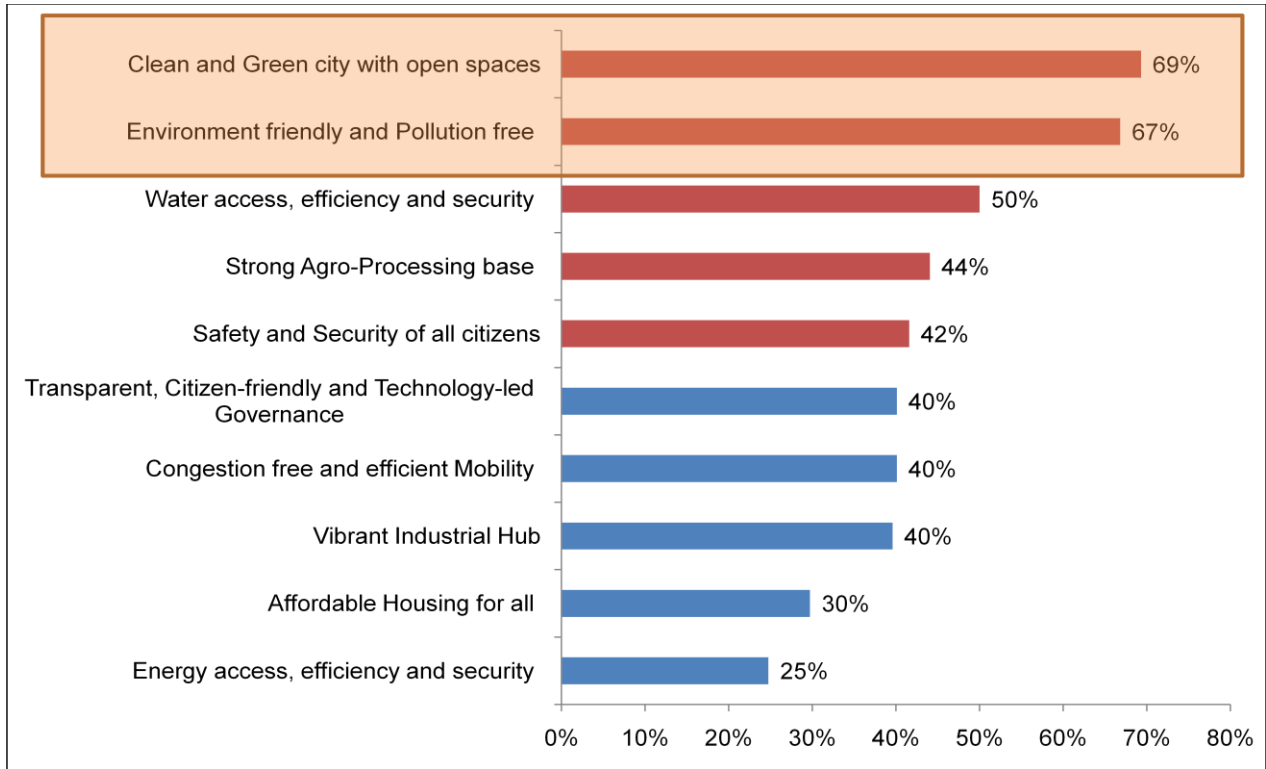

Housing, Inclusion & Security

- Develop Erode into a coaching centre for IIT
- Encourage Green buildings

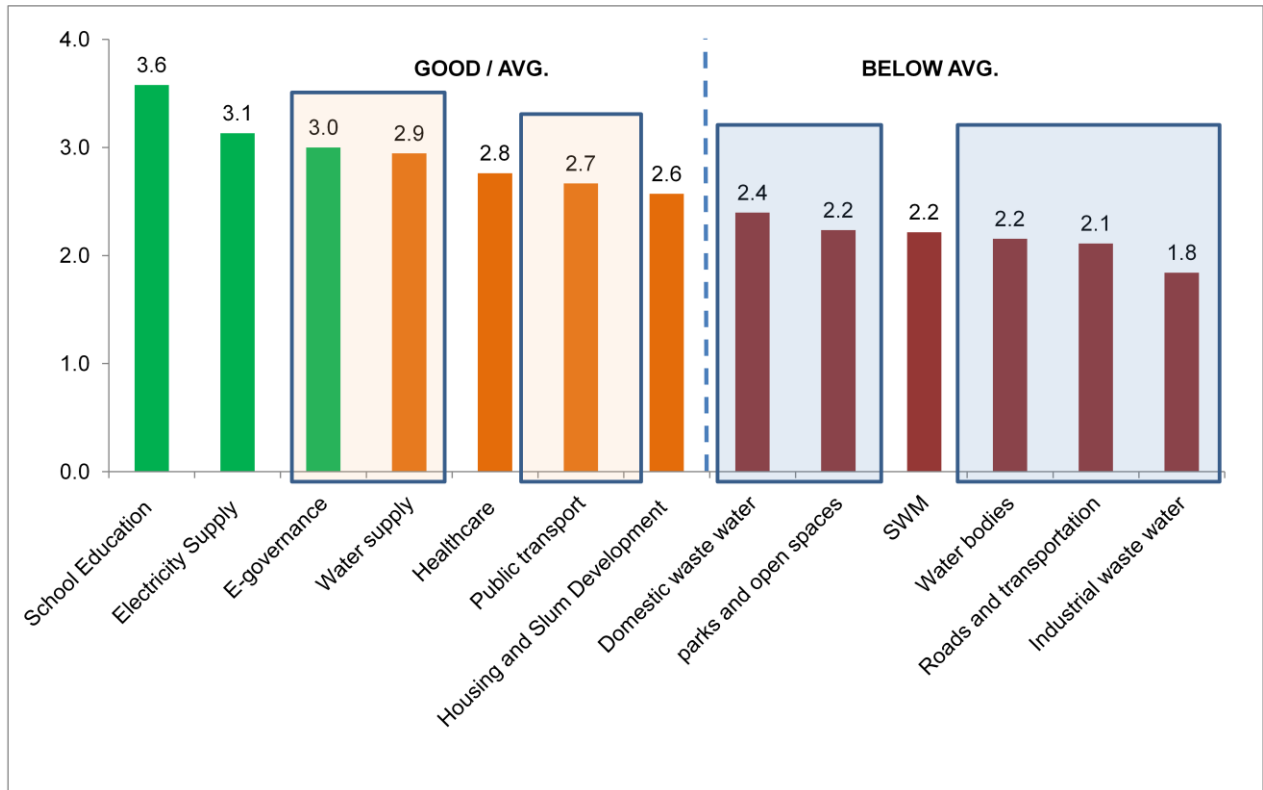

Governance & IT-led service delivery

- Increase in buses with GPS and transit app
